

Legend

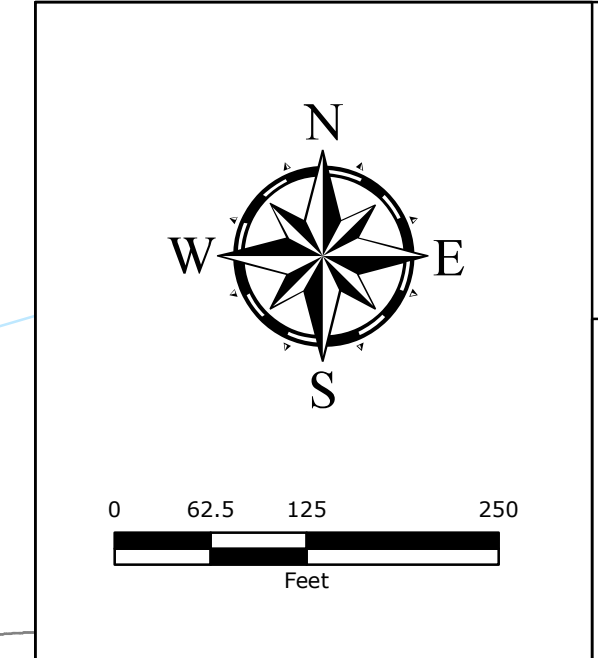

- PCE greater than 10 ug/L
- PCE 0.3 to 10 ug/L
- PCE not detected (DL 0.3 ug/L)
- Not sampled due to refusal or no groundwater present

----- Wasatch Fault line

Note(s) :
PCE concentrations are from March 2016.

Source(s) :
Utah Automated Geographic Reference Center (AGRC)
AOU-1 Source - Figure 2 of 2014 RIWP from First Environment

Acronym(s) and Abbreviation(s) :
ug/L = micrograms per liter
DL = Detection Limit
PCE = tetrachloroethylene
RIWP = Remedial Investigation Work Plan

PCE Concentrations in Shallow Groundwater Locations
March 2016
 AOU-1 RI, 700 South 1600 East PCE Plume,
 Salt Lake City, Utah
